MDC INTERNATIONAL RESEARCH CONFERENCE 2027

HYBRID CONFERENCE INVITATION

You are invited to MDC International Research Conference, which comes up on the 17th to 19st June, 2027. The conference will be a hybrid (Physical / virtual). The Theme of the conference is **"Bridging Gap among Disciplines and Creating Futures Research for Sustainable Innovation and Global Impact"**. It will commence with a workshop on the 17th of June, 2027. In an era marked by complex global challenges, no single discipline holds the solutions, The conference provides a global platform and opportunity for researchers and the international community across diverse fields to air their views and also share proven and innovative ideas based on their research findings, foster collaboration and translate into sustainable solutions. The 21st century demands convergence where science meets ethics, technology meets humanity, and theory meets practice. Therefore, it is very necessary to bridge the interdisciplinary gap using research methodology for sustainable development.
